

## CLEAN CLOTHES INSISTED UPON

How Wounded Japanese Escaped  
Blood Poisoning.

## DANGER IN CONNING TOWER

ADDRESS OF SURGEON SUZUKI  
OF THE IMPERIAL NAVY.

Detroit, Mich., Sept. 27.—Surgeon General S. Suzuki of the Imperial Japanese navy, today in his address before the convention of military surgeons of the United States, made what was declared by Medical Director J. S. Wise of the United States navy, to be the most valuable contribution of modern times to naval surgery.

"Much of our success in the treatment of wounds," said Dr. Suzuki, "I ascribe to the fact that before every engagement I ordered each member of the crew to bathe and put on perfectly clean underclothing. In a great many cases of shot wounds, fragments of clothing are carried into the body, and our insistence on clean underclothing prevented many cases of blood poisoning among our wounded."

Conning Tower Dangerous.

"Our experience during the war proved that the conning tower of a warship is a most dangerous situation; fragments of shell penetrate through the slits in the tower made to furnish the commanding officer a range of vision and do great damage. Realizing this fact, Admiral Togo, in all the naval engagements directed his fleet from the compass bridge of the Mikasa without receiving the slightest wound."

"The vision of the men who fire the guns on a warship must necessarily be of the very best if their shots are to count. Before every engagement the surgeons in the Japanese fleet examined carefully the eyes of all the gunners. Any of them with slight impairments of vision were treated, and if the impairment was too grave to yield to immediate treatment they were transferred to another station where their places filled by men whose eyes were perfect."

Wrinkles and Crowfeet

make the young appear old. Nervousness, worry or insomnia may cause these unsightly lines. By rebuilding the entire nervous system and regulating the kidneys properly, Panto Tablets render the complexion smooth, fresh and youthful—and better still, they make you feel years younger. 50 cents. Book Free. The S. R. Feil Co., Cleveland, O. For sale by F. J. Hill Drug Co.

## NATIONAL BANK CLOSED.

Concern at Orrville, Ohio, Could Not Stand a Run.

Washington, Sept. 27.—The First National bank, Orrville, O., today, closed its doors by order of the controller of the currency, on account of a continuous run on the bank. George T. Curtis, national bank examiner, has been appointed receiver.

Orrville, O., Sept. 27.—Following the closing of the bank at Orrville yesterday there was a run on the First National here, which resulted in its doors being closed today. L. F. Albert, cashier of the local bank, was a director in the Orrville bank, and it is said that he has caused the run. It is said the loss to depositors will not be large.

Dance at Armory Saturday night.

## PORTLAND FAIR RATES

Will only be in effect a few days longer. SEPTEMBER 30th, is the last date for tickets direct, and September 27th, 28th and 29th, for tickets via Los Angeles or San Francisco. See agents or other Oregon Short Line advertisements in this issue for further particulars.

## GOVERNOR PROTECTED FROM DESIGNING WOMAN

Cleveland, Sept. 27.—The Cuyahoga county grand jury here today returned two indictments against Minnie Lee, alias Ellen Iyer, of Chicago, on the charge of attempting to blackmail Governor Byron T. Herrick. One indictment charges the woman with verbal attacks on the governor and the other with committing the offense by writing. The arrest of the woman has been ordered and it is expected that she will be taken into custody without delay.

Chicago, Sept. 27.—The police are trying to locate Minnie Lee, who is best known here as Mrs. Lawrence.

## INSURANCE AGENTS ARRESTED IN OHIO

Jefferson, O., Sept. 27.—The grand jury of Ashland county returned indictments today against twenty-eight fire insurance agents, representing sixty-three companies, and against Albert Ross of Columbus, of the inspection bureau maintained by the companies.

The agents are charged with violating the anti-trust laws of Ohio. It is alleged that they have formed an organization for the maintenance of rates and that all competition in the business is destroyed by their agreements.

## THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestine and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal efforts to clear the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best is charcoal and the most for the money is in Stuart's Charcoal Lozenges. They are composed of the finest powdered willow charcoal, and other harmless ingredients in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; also believe the liver is greatly benefited by the daily use of them; they cost but 2 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

## PICKING THE JUDGES

State Fair Directors Are Busy Making Selections—Sorely Cramped For Space.

The directors of the state fair are busy these days picking out men and women to act as judges for the diverse interests that will be represented by exhibits in the various buildings when the gates and doors are thrown open next Monday. The task is a long and necessarily an arduous one. The directors have determined that there shall be no complaints regarding the qualifications of the judges for the special services they will be called upon to perform.

With this object in view they are going carefully over the lists of possibilities, and the result, it is believed, will be an admirable one. It is thought that the names will be ready for publication within a day or two.

The directors' meeting of yesterday was held at the fair grounds, and much satisfaction was expressed by members of the board at the progress that has been made on booths in the manufactures and liberal arts building and on exhibits elsewhere. A summary of the list of entries was submitted by Acting Secretary Stevenson. It showed that in all departments great interest is being taken, and the chief problem confronting the directors is one of space.

In this connection it may be said that H. C. Curtis, superintendent of speed, is deservingly feeling his way. Mr. Curtis has more horses than he knows what to do with. Yesterday he requested the board to authorize the immediate erection of ten additional stalls, but the board before the opening of the fair is so short, and so much money has been expended in other directions, that this will be a difficult task.

Inquiries continue to pour in regarding the window display competition. As it is impossible to answer all of them directly, the directors desire again to say that there is absolutely no limit to the number of contestants or to the character of the displays, except that they must call attention to Derby day and the horse show and that they must be in place not later than next Saturday night.

## MR. TRACY WON'T HURRY.

Will Consult Secretary of War Before Filing Cemetery Plat.

Russell L. Tracy, treasurer of the Mt. Olivet cemetery association, says that he does not propose to file the plat of that cemetery and does not propose to do anything in the matter until he has been officially notified that such filing is wanted. Further than this, Mr. Tracy says that when notice does come the cemetery association will take up the matter with the secretary of war before it will comply with the recently passed ordinance.

"We hold this land, inside the military reservation," says Mr. Tracy, "and hence we have the national government, through the secretary of war, to deal with. For that reason, if notification is received, we will first consult that official. Then we will see what to do about filing the plat."

"But as yet no notification to file has been received by us, and so no action has been taken. Nor have the other cemeteries in the county acted on the matter. The law does not seem to be having any effect, and why it was passed I do not know. The cemeteries (at least the records) keep records of plots that are always open for inspection and those who have lots can see that their interests are protected."

"Never in the case of Mt. Olivet cemetery have I known or heard of a case where a lot has been resold or a body removed for any such purpose. I think the law is a protection against such contingencies—has no basis in fact."

## MULVEY'S SALOON ROBBED.

Thief Touches Patriot's Cash Register for \$107.

Burglars entered M. E. Mulvey's saloon at 213 South Main street about 2 o'clock yesterday morning and rifled the cash register of \$107. One thief carried away the till and handed it to a companion, who was "planted" at the rear window where entries were being made. In his haste he overlooked a bag containing \$50. The saloon had been closed only a short time when the men pried open the window. Mr. Mulvey and Jim Donaldson were standing out in front when they heard a noise in the saloon. From their position they were able only to catch a glimpse of the burglar's arms as he opened the register and took the till.

Mulvey called to Police Officer Charles Evans and an attempt was made to enter the saloon through the keyhole. This failed and in the meantime the men had climbed an electric light pole to a small platform and pried it open with a "monkey." Paul Byron and Edward R. Warner were afterwards arrested on suspicion by Police Officers Charles Evans and John Corless, but they will be released today.

## BEEF TRUST CASES.

District Attorney Wins an Initial Victory in Court.

Chicago, Sept. 27.—A victory was scored today by United States District Attorney C. B. Morrison in his struggle to bring to a successful finish the prosecution of the meat packers. During the argument against a demurrer filed by Attorney Morrison against the plea in abatement filed some time ago by the defendants attorneys, contesting the indictment which charges the various packers and their associates with conspiracy in restraint of trade, the question of the right of packers to appear in court at the time of the empanelling of the federal grand jury to challenge jurors as they were impaneled was raised, and Judge J. Otis Humphrey decided in favor of the government.

The objection by the defendants to the manner in which the jury was drawn was then taken up and at the time of adjournment tonight Attorney Rosenbath was reading authorities supporting his contention that the jury was drawn from a part of the district without a proper order of the court. The jury was drawn from the eastern district of the northern division of the state and it is contended by the defendants that the court is ordered to draw from the "body" of the district, meaning both the eastern and western divisions.

The hearing will be resumed tomorrow morning.

## RIDE THROUGH FIRE IN IDAHO FOREST

(Special to The Herald.)

Boise, Idaho, Sept. 27.—L. A. Coate, manager of the Oxbow Tunnel placer enterprise on the south fork of the Payette, tells a thrilling story of a ride through a fire in the forest.

He and his wife started for the property and when they were going up toward the Banner summit a fire burning on the mountain was driven toward them by a change of the wind. They managed to reach the summit without serious mishap, but there they found they were cut off by fire on the other side. As the fire had not crossed the road behind them they drove back. It was not, but they got through all right.

Mr. Coate had 100 pounds of dynamite in the wagon, which gave him some additional concern.

## METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 82 degrees; minimum temperature, 57 degrees; mean temperature, 70 degrees, which is 10 degrees above the normal. Accumulated excess of temperature since the first of the month, 67 degrees. Accumulated excess of temperature since Jan. 1, 422 degrees. Total precipitation from 8 a. m. to 6 a. m., none. Accumulated deficiency of precipitation since the first of the month, 32.2 inches. Accumulated deficiency of precipitation since the first of January, 73 inches.

Ogden, Thursday, Sept. 28.

## CARR MAY BEAT GLASMAN

Councilman Likely to Wrest Nomination From Present Mayor, Who Still Plays Coy.

Within the past twenty-four hours the local political situation has undergone a decided change and the indications are now strongly in favor of the nomination of T. H. Carr for the mayoralty on the Republican ticket. Mr. Carr's friends have been working diligently to bring his nomination about and the surface indications are that they will be successful in the efforts of those who are seeking to nominate Mr. Glasman for a third term. It is stated that Dr. Conroy, out of the mayoralty race and will make a hard fight to be nominated for councilman from the Third ward. This leaves the contest for the head of the ticket up to Carr and Glasman, with the former in the lead. It is understood that Mr. Carr, while not seeking the nomination, would accept the same if it were tendered him by the people. His own statement is to the effect that he will support the ticket irrespective of who the nominee may be. It is also given out that if Glasman is successful in landing the prize E. M. Conroy will be nominated at his opponent on the Democratic ticket. In this event it is believed that the fight will be a bitter struggle with honors slightly in favor of the doctor.

## DISTRICT COURT AT OGDEN

Calendar Is Set for October Term.

With Judge Armstrong Presiding.

In the district court yesterday Judge J. A. Howell granted a divorce to Jeanette Allen from Lloyd W. Allen on the ground of non-support. The couple were married in Ogden, July 2, 1902.

The damage case of E. B. Stewart, acting for the Simmons Hardware company, against the Oregon Short Line, which was set for yesterday, was ordered dismissed by the court, the cost to be paid by the plaintiff, on account of a settlement having been effected outside of court.

The court set the following cases to be heard before Judge Armstrong during the October term, which will begin at 10 o'clock, Oct. 16: State vs. William Cohen, Oct. 16; State vs. Michael Berlin, Oct. 17; State vs. David Malar, Oct. 17; State vs. Alfred Penrod, Oct. 18. The hearing on the motion to set aside default in the \$2000 damage suit of George Halverson vs. William Glasman was set for Oct. 18, also before Judge Armstrong.

District Attorney Halverson filed information in the district court yesterday against E. Daly, for perjury, and against D. L. Rees, for obtaining \$125 from Frank Moore under false pretenses.

## DIFFERENCES ALL ENDED.

Union Issues Statement That Every Trouble Is Adjusted.

The strike committee of the local typographical union held a meeting last night, and in connection with the recent job printers' strike issued a statement to the effect that the differences between the employing job printers of Ogden and of the typographical union have been amicably adjusted, and now harmony reigns complete.

They assert that the trouble was brought about solely by an error made by the international body of the union demanding that the eight-hour day be enforced in all the job offices of Ogden "at once" and that signed contracts to that effect be forwarded immediately.

The promoters, in harmony with the principle involved, decided that they could not accept the ultimatum until several minor matters had been satisfactorily adjusted. In the meantime the local union carried out the instructions of the superior body, which were mandatory. A strike was called. Since that time several conferences between the committee and the employers resulted in the adjustment of all differences.

## Miss Hancock Dead.

Miss Anna Hancock, daughter of H. H. Hancock, 283 Jefferson avenue, died shortly after 2 o'clock this morning of cerebro meningitis. She was a member of the tubercular choir.

## Ogden Briefs.

Miss Jessie Middleton of Salem, Ill., is the guest of her uncle, W. A. Middleton, in this city.

T. T. Smyth was fined \$30 in the municipal court yesterday on a charge of selling flour to minors.

A marriage license was granted yesterday to James J. Roach, aged 25, and Miss Frankie M. Baker, aged 22, both of Ogden.

J. M. Spargo, who has been spending his vacation in Ogden, left yesterday for

We recently collected \$124 for Clark Bros. of Pleasant Grove. It was hard work, but we got it.

## Merchants' Protective Association

SCIENTIFIC COLLECTORS OF BAD DEBTS.

Top Floor Commercial Block, Salt Lake City, Utah.

Francis G. Luke, Gen'l Mgr.

"SOME PEOPLE DON'T LIKE US."

# Have the Home Beer Pure

Whatever you drink outside, let your home beer be Schlitz. That is pure beer. No bacilli in it --- nothing to make you bilious.

Beer is a saccharine product, and germs multiply rapidly in it. The slightest taint of impurity quickly ruins its healthfulness.

We go to the utmost extremes to prevent that. Cleanliness is a science where Schlitz beer is brewed.

We even cool the beer in plate glass rooms, in nothing but filtered air.

Then we filter the beer. Then we sterilize every bottle.

And Schlitz beer is aged. The beer that makes you bilious is green beer.

When you order beer for your home, get the healthfulness without the harm.

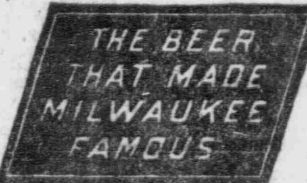

Get a pure beer - get an old beer - get Schlitz.
